

## Overview

Access Communications Group, LLC (ACG) is dedicated to provide **Telecommunication and Construction Services** in the USA by ensuring the highest level of quality and dependability.

Established in 1996, ACG is capable of managing both **large-scale and small-scale projects** from conception to completion.

With a strong commitment to excellence and customer satisfaction, ACG has emerged as a trusted partner for both **Commercial Customers and the Federal Government**.

ACG team is flexible, well skilled, heavily certified, and maintains the ability to **exceed expectations** both locally and nationwide.
