Access - Southwest

Access Southwest LLC

Access Southwest represents our inaugural Joint Venture, which continues to operate.

It was established through a collaboration of local businesses in the El Paso / **Las Cruces region**

ACG & GEROME GARCIA SDVOSB

ACCESS MW

Awarded Project

Bonding Capacity: 5M Single - 40M Aggregate

Access MW is a thriving joint venture that has secured a multi-million dollar project for cleaning the LA River USACE, benefiting from extensive experience and guidance provided by Key Partners

MARIE WILLIS SMALL BUS. OF YEAR 2017

Access Orcom LLC

We partnered with Orcom Inc. to establish a joint venture aimed at pursuing projects like the forthcoming **Kirtland Air Force Base MACC**

Our collective experience demonstrates the quality of our services.

SERVICE-DISABLED VETERAN-OWNED CERTIFIED

CSM Access LLC (SDVOSB)

Bonding Capacity: 6M Single – 20M Aggregate

Awarded Project

We have recently formed an **SDVOSB** Joint Venture and were awarded a contract for Cabling at the El Paso VA Hospital.

TIGUA INC.

TIGUA – Access MPP

STRENGTHS OF THE ORGANIZATION

CUSTOMER CENTRIC

Owner-managed company, focused on project performance and collaborative client delivery.

MARKET LEADERS

Over forty (40) years of experience in the Telecommunications/OSP field, driving competitive advantage and market leadership.

FINANCIAL STABILITY

Strong and Agile Balance Sheet backed mainly by Owner's Equity.

ABILITY TO SCALE

Consistent revenue growth through the years, demonstrating a strong track record on project delivery.

DEPENDABLE

The President of the organization possesses Six Sigma Black Belt and ISO 9000 certifications since 1996, delivering high impact,reliable, and proactive service.

TRUSTED

Robust administrative and procurement support teams handling all work processes to completion and ensuring compliance.

HIGH ADAPTABILITY

Industry-leading software utilized within each department Task Management System for complete project lifecycle.

SPEED TO MARKET

Dedicated Project Management Team direct to TxDOT with full statewide capabilities and mobilization.

COMPETITIVE

Efficient and Effective technical approach for best price, best value delivery.

ABILITY

Bonding Capacity -$50 million

OSP

Directional Driling
Horizontal Boring
Trenching
Compaction
Cable Plowing
Rock Drilling

FIBER, DRILLING & CONDUIT INSTALLATION -ADB
Project Description: Installation of fiber and conduit, including all splicing, testing, turning up C-RAN, running all appropriate reports and required testing, directional boring, and handholes.

POP: Completed 2022-2023
Value: $1.7 M

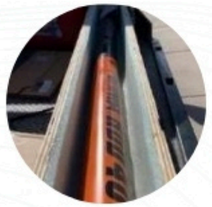

FIBER INSTALL - BIGGS AIR FIELD
Project Description: Furnish, install, terminate, and test (2) 12-strand, single-mode fiber optic cables to 2 new shelters (Localizer Shelter + Glide Slope Shelter) that were constructed on Biggs Airfield.

POP: Sep 2022 - Dec 2022
Value: $144,000

FIBER UPGRADE - CITY OF LAS CRUCES, NM
Project Description: Installation of a fully operational fiber optic communications system including conduit, SMFO communications cable, IT pull boxes, splice vaults, splice closures, building penetration, and terminating connections inside the building structures

POP: Nov 2022 - Apr 2023
Value: $582,000

HORIZONTAL DIRECTIONAL DRILLING-THE HOSPITALS OF PROVIDENCE, LIGHT SPEED, & ADB
Project Description: Specialized trained team drilled approximately 20,000 feet with
capable rock drilling rigs and in-house compressors. Jobs completed with undamaged underground utility lines.

POP: May 2022
Value: $180,000

OSP-AT&T - MIDLAND, TX
Project Description: Excavate and place AT&T facilities at depths and alignments as shown on prints, set hand holes and place ground beds, and rod/pull/blow inner duct and fiber optic cable as indicated on AT&T work prints.

Project Date: Oct 2022 - Dec 2022
Value: $451,000
